

Symposium

**S1P receptor from
Central nervous system
to clinical use**

Moderator :
Pr Roland Liblau (Toulouse, France)

November 10th, 2021
12:45 – 13:45
**GMT Virtual
Congress**

12:45-13:00

Lymphocyte dynamics in the central nervous system during health and in Multiple Sclerosis

Pr Britta Engelhardt (Bern, Switzerland)

13:00-13:15

Role of S1P receptors and CNS migration cells

Pr Jack Antel (Montreal, Canada)

13:15-13:30

Targeting and involvement of S1PR modulators in Multiple Sclerosis and other pathologies

Pr Jeffrey A Cohen (Cleveland, US)

13:30-13:45

Questions and conclusion

Pr Roland Liblau and all
